About Me

I'm a young, devastatingly handsome gentleman who recently traded the mean streets of Skid Row for the indoor life.

I'm smart, affectionate, curious and extremely social. I've already figured out how to open the bathroom door, because I believe strongly that privacy is bad for relationships.

Yes, I like dogs. I contain multitudes.

My love language? Physical touch.

Things I'm Into

- ★ A perch with a view
- ★ Cuddling
- ★ Bringing you presents to show my appreciation
- ★ Supervising your activities
- ★ Dogs who understand that friendship may involve unsolicited snuggling

Things I'm Not Into

- ★ Spending even one unnecessary moment alone
- ★ Closed doors
- ★ Being prevented from rubbing my face on things
- ★ Cages at adoption events — terrible ambiance, zero stars

What I'm Looking For

Not a situationship. Not a weekend fling. I'm looking for my person. My home. My forever.
